Most Useful Links & Apps for Me

These are some links and apps I check daily or every few days. Typically, I use apps for updates, and for desktop use, I often rely on AI tools.

- ChatGPT
- Claude
- Gemini
- Google
- Market Cap
- Binance
- OKX
- Tiger Trade
- X
- Yin Wang's Substack

On my home screen, I have apps for essential daily use, including the App Store, browser, news, to-do list, proxy app, AI chatbots, crypto trading, as well as banking and asset management apps. These are the tools I rely on for staying updated and organized.
